About me – A former International Student Helping the Next Generation

- Hello, I am Leonard George Vaduva, a 23 years old
- Fresh Graduate of Masters in Finance & Investments at Erasmus University in Rotterdam.
- Former international student in the Netherlands and Spain, left Romania at 18, have been living for the past 5 years abroad, and understands perfectly the challenges of arriving in a new country (I moved to two new countries so far, and many more are coming).
- My mission is to make incoming students to feel supported, safe, and at home, from the moment they land in Bucharest until the end of the exchange.
- That's why I created *ErasmusWay* - a student housing community concept built *by* an international student, *for* international students

Why I made the Bucharest Guide?

- ✓ I have been in their shoes twice already: first time when I moved to the Netherlands at 18, second time during my Erasmus+ exchange in Barcelona, Spain.
- ✓ While the exchange is an amazing experience, this free guide helps incoming students avoid confusion, scams, and stress coming from a local and also a former international student
- ✓ It covers essentials for students: transport, safety, banking, SIM, first week essentials and nightlife
- ✓ Feel free to share this guide with your international students — it was created to make their arrival in Bucharest easier and less stressful.
- ✓ If you have questions or just want local guidance, you can contact me anytime or **join our international student WhatsApp community** — open to everyone!

About *ErasmuyWay*

- ✓ *ErasmusWay* is a minimalist international student-centered housing concept I created.
- ✓ Our aim is to offer comfort, safety, and support for those arriving in Bucharest for the first time.
- ✓ My mission is to be the support I wish I had when I first moved abroad.
- ✓ Every student staying with us receives all-included services: airport pickup, full guidance, first-week help, and our extended guide. From the moment you arrive, we take care of everything.
- ✓ We also maintain a FREE WhatsApp community where students can connect, ask questions, and receive help before and during their stay.
- ✓ We regularly organise small activities, local food outings, and casual trips so students can discover Bucharest together.
- ✓ And the best part...It's open to all international students in Bucharest, so you can connect and make friends easily
